Announcement of IEEE India Council Student Coordination Team 2022

The graphic features the IEEE India Council logo at the top left and the IEEE logo at the top right. Below the logos, the title "IEEE INDIA COUNCIL STUDENT COORDINATION TEAM 2022" is displayed in a blue banner. The team members are organized into several categories, each with a header and a grid of individual profiles. Each profile includes a name, role, and the IEEE section they represent.

Advisors					
Dr. K.R. Suresh Nair Chair, IEEE India Council IEEE Kerala Section	Dr. Rajashree Jain Secretary, IEEE India Council IEEE Pune Section	Prof. Debabrata Das Chair-Elect, IEEE India Council IEEE Bangalore Section	Dr. Y. Vijayalata Vice Chair, Student Activities, IEEE India Council IEEE Hyderabad Section	Sneha Chandran Member, Student Activities IEEE Bangalore Section	
Chair & Vice Chair		Industry Relations Team			Video Team
Shalini Satapathy Chair, Student Coordination Team IEEE Kollam Section	Gokul C M Vice Chair, Student Coordination Team IEEE Kerala Section	Atul Jha Team Lead IEEE Delhi Section	Mohit Raj Shrivastava Coordinator IEEE Bangalore Section	Shantosh Kumar Coordinator IEEE Hyderabad Section	K Thomas Mathew Coordinator IEEE Kerala Section
					Krishna Varshney Team Lead IEEE Delhi Section
					Dev Jadav Coordinator IEEE Gujarat Section
Graphic Design Team			Content Team		
Joel John Kandathil Team Lead IEEE Kerala Section	Gopishetty Harita Coordinator IEEE Vijay Section	Dikshita S Aladakatti Coordinator IEEE Bangalore Section	Mohamed Aashik S Coordinator IEEE Madras Section	Srishti Tiwari Team Lead IEEE Delhi Section	Mani Sha N Coordinator IEEE Madras Section
					Meghna Das Coordinator IEEE Pune Section
					Manoj Kumar Donthurata Coordinator IEEE Hyderabad Section
Social Media Team			Webinar and Online Training Team		
Rashi Srivastava Team Lead IEEE Bangalore Section	Devang Chandrakant Pingle Coordinator IEEE Pune Section	Shivam Grover Coordinator IEEE Bombay Section	Abirami Chandramouli Coordinator IEEE Kerala Section	Khushi Bansal Team Lead IEEE Kolkata Section	Sahabzada Betab Badar Coordinator IEEE Uttar Pradesh Section
					Aniketh Shenoy K Coordinator IEEE Bangalore Section
					Mohammed Khalid Coordinator IEEE Hyderabad Section
Student Branch Networking Team				Web Design	
Nupur Kulkarni Team Lead IEEE Pune Section	Akhilsh Sobila Coordinator IEEE Hyderabad Section	Ridham Rajan Chitre Coordinator IEEE Gujarat Section	Aparna G Coordinator IEEE Madras Section	Adil Shaikh Coordinator IEEE Andhra Pradesh Section	Akarsh Ashok Team Lead IEEE Kerala Section
					Abishal N S Coordinator IEEE Madras Section
					Divyansh Bansal Coordinator IEEE Delhi Section

In the month of March, the **IEEE India Council Student Coordination Team 2022** was announced. Volunteers with various skills and expertise have been assembled from almost all the sections of the IEEE India Council.

The team comes with the determination to take IEEE to greater and brighter heights. Join in to congratulate the team **selected from 750+ registrations**, the highest till date.

All the world's a Stage | Sinjini Sengupta

In the month of March, IEEE India Council Student Coordination Team conducted the first keynote event for the year 2022 on “All the world’s a stage” in association with Lighthouse. Lighthouse is an organisation that aims to bring hearts to work with the power of storytelling.

The event was graced by 200+ registrants with queries on **Public-Speaking & Storytelling** with the understanding of the same in one’s professional development. The event was specifically for IEEE Student Members & Young Professionals.

Event Details:

In the month of April, IEEE India Council Student coordination team had organized the Session on “**Getting Started with IEEE vTools**” by a speaker, Chamika Sudusinghe, Secretary of IEEE Asia Pacific(R10) Student Activities Committee. He is a UPE Scholar, IEEE REM Scholar, and Lance Stafford Larson Student Awardee.

He guided the participants through *IEEE vTools* and *Annual Reporting Guidelines* of student activities in the meeting. It was a super insightful session for all the SSRs, and SB Chairs across the nation, and our guest speaker inspired all to do better with his wise words.

Participants: 125+

Managing Your Finance in 20's | IEEE IC SCT

Event Details:

CA Shubham Maloo began the seminar by extending a hearty welcome to all the attendees. The theme of the session is “Managing Finance in Your Twenties. ” Investment Opportunities, Entrepreneurial Skills, and Financial Literacy are among the subjects discussed in the program. Then he went through the investment secret: compound interest is quicker than simple interest. He began teaching about Investing Ideas, which are divided into three categories: assessing current financial conditions, setting financial goals, and budgeting for goal achievement. Debt, equity, and real assets are all viable investment possibilities. Equity is a high-risk investment with tremendous growth potential, yet it will quadruple your money in a year. There are three categories of equity investments: equity shares, ETFs, and Equity Oriented Mutual Funds. Provident Fund, National Pension Scheme, and Equity Linked Saving Scheme are some tax-saving investments (ELSS). Continuing from the previous topics, he discussed the criterion for picking a financial support (Cost, Return, Lock-in and Taxes). Shubham Maloo answers questions from various attendees during the questioning session. Mohammed Khalid gives the vote of thanks, which brings the session to a close. He thanked the speaker of the session and all the participants who gathered in the webinar session.

Participants: 110

Key Takeaways:

According to the event's takeaways, CA Shubham Maloo provided the attendees with a variety of investment ideas and plans to help them arrange their finances as students. He went through the investment that has the potential for development as well as the risk considerations. Entrepreneurial skills and financial literacy were also highlighted.

SHUBHAM MALOO & CO 

Let's Talk IEEE | IEEE IC SCT

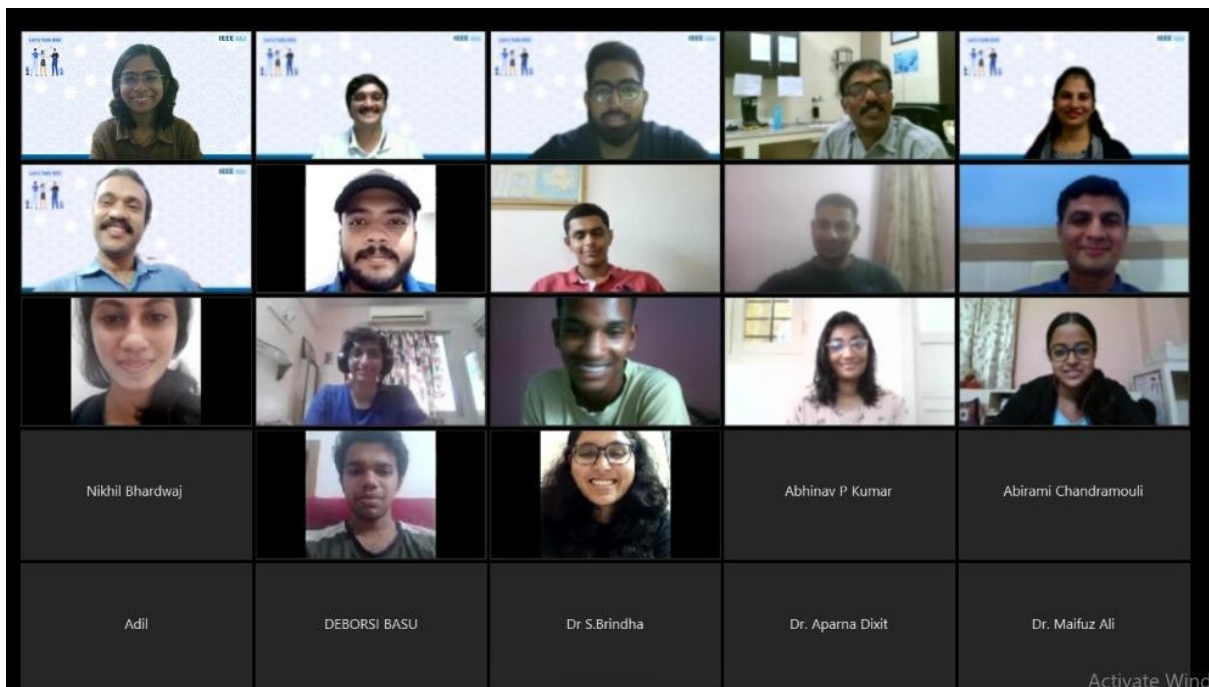

Event Details:

In the month of July, Meenakshi mam answered that sky is the limit when it comes to networking with student branches. How can I apply for financing opportunities? Hardik responded with information on how to apply for cash, take part in challenges, recruit additional members for the student branch, obtain section reimbursement, and engage in other initiatives. According to Ramkumar If you are a student with a social issue, you may apply for financing and get amounts ranging from \$50 to \$5,000 and more. Opportunities for funding in southern India? Keep a watch on the emails for funding opportunities addressed by Sabiq. Where else would you have volunteered if not IEEE? The following is a quote from Ramkumar Sir that he used to persuade students to join IEEE: "Be an innovator. The actor in the movie based on the IEEE voyage will be Sir. Which portion, the Kerala section, would you want to visit? Sabiq sir: For the jobs 2015 joined, we must put in a lot of effort.

Participants: 127

Key Takeaways:

If you are a student with a social issue, you may apply for financing and get amounts ranging from \$50 to \$5,000 and more. Work with both like-minded and opposing-minded individuals to broaden your networking horizons. Support the notion that IEEE is your primary place of business.

IC Hack'22 | IEEE IC SCT

Event Details:

In the month of September , IEEE SCT organized a 48 hour long Hackathon with 200+ participants at BMS College of Engineering in Bangalore. It was an offline event, with its prime motive to provide a recognised platform to every tech enthusiast. This hackathon was aimed at inspiring students from around India and beyond to enter the field of computer science and technology, where their basic ideas may become the industry-level solution in future.

The winners of the various teams are

- 1) Track **Healthcare**: Winners: Track idkwhatwearedoing
Runners Up: Chennai Sharks
- 2) Track **Education**: Winners: Team Binary Coder
Runners Up: Team Jelly Beans
- 3) Track **Geo Visualisation**: Winners: Team Asteroids
Runners Up: Team Hary
- 4) Track **Computer Vision**: Winners: Team Indiana Codes
Runners Up: Team Viyakriti

The honorable judges and mentors also contributed significantly to making this hackathon a success. There was also a session on APIs 101: Basics of APIs with Postman. It was a complete package of networking, fun, working on technology and lots of good memories for all the participants. The event came to a conclusion at the venue with a small closing ceremony in which the participants, judges and mentors were felicitated for their achievements and unparalleled contributions and the volunteers shared their experiences.

Participants: 216

Key Takeaways:

The participants could build their coding, and problem-solving skills, improve managerial skills by using teamwork, and witty tactics to solve the problem through working on the problem statements. The Postman session helped the participants in developing their solutions in a much more efficient and easy way.

Demystifying GATE

The poster is for an event titled "Demystify GATE". At the top left, it says "IEEE INDIA COUNCIL" and at the top right, the "IEEE" logo. Below that, it says "IEEE India Council Student Coordination Team presents". The main title "DEMYSIFY GATE" is in large, bold, white letters. Underneath, it says "An Interactive Session on GATE Exam: Scope & Opportunities". In the center, there is a white box containing a portrait of a man with glasses and a mustache, identified as "SPEAKER JOHN JOSE". His title is "Associate Professor, Dept of Computer Science & Engineering, Indian Institute of Technology, Guwahati". Below the speaker information, the date and time are listed: "27 September 2022 | 6:30 PM IST". A dark blue button with white text says "Register Now" followed by the URL "bit.ly/icwebinar-gate". At the bottom, there are social media icons for Facebook, Instagram, and LinkedIn, along with the text "ieeeindiacouncil".

Event Details:

In the month of September, IEEE India Council Student Coordination Team organised a webinar session on "Demystify Gate". The session was organised to provide adequate information and will be an enthusiastic and interactive session on Gate Exam: Scope and Opportunities.

The speaker of the event was Dr. John Jose, an Associate Professor in Department of Computer Science & Engineering, Indian Institute of Technology Guwahati. He is the investigator for several R&D projects under DST and MeitY. He is associated with many national pilot projects like NPTEL-MOOCs, SPARC, GIAN, TEQIP, ISEA, Ishan Vikas, Vigyan Jyoti etc. The event was very insightful and provided great deal of information to all its participants.

Participants : 100
